Café

Spooky, Hands-on Science Café Frightening Physics and Creepy Chemistry

Featuring the scientist-members of ACCESS (Akron Council of Engineering and Scientific Societies) and University of Akron Chemistry Club

Saturday, October 27, 10:30am-11:30am 1st floor Science & Technology Division

Learn how to make a ghost fly, a vacuum cannon go Boom! Ooblecks, and more. Experience magic gas! We'll shiver with fear or maybe from the extreme cold of liquid nitrogen.

Don't miss this -- Contact Science & Technology 330-643-9075 or stdiv@akronlibrary.org to reserve your spot

Akron Science Café – Science fun and fellowship for adults, but kids like it, too
